Importance: High

James,

I have taken a look at the updates to the SWPPP and everything looks good except on the Qualified Inspection form. The SWPPP now clearly identifies what should be included in the inspection report but the form in Appendix F doesn't have any of the important information like the condition of the erosion and sediment control practices, condition of discharge points, etc. If you send me a completed report from one of your past projects to show me that there is more put into it than what this 1 page form shows that would help and I would consider the use of this form. If you need a sample of an inspection form, the NYS Standards and specifications has a sample inspection form in Appendix F
https://www.dec.ny.gov/docs/water_pdf/appconsteimlb.pdf

You can email whatever changes you decide upon and we can move forward.

Have a great day,

Jessica

Thank you Greg and Jessica,

I really appreciate it and hope your start to the week has been going good thus far. Please let me know if you have any questions about anything that had been submitted.

Thank you again and talk to you soon.

Good Morning James,

The Town of Horseheads contracts with the Chemung County Storm Water Coalition for all of our SWPPP Reviews. They have been copied on this email, so they are aware that you are asking for a time table of the review. I will also make sure that we can get you a time table. Thank you.

Morning Donald,

Appreciate it. Do you know the approximated turnaround time for the review?

Thank you

Hello Jim:

I did receive your packet and turned them over to our Code Enforcement Officer Greg Larnard. He also sent it to Storm Water Coalition. If there are any questions we will contact you.

Thank you
Donald J. Fischer – Town Supervisor

Good Morning Donald,

I hope you have had a great week thus far.

I wanted to check in with you on the progress of the LN-31 AC Mitigation Project that we submitted for the MS4 Acknowledgement on. In the submittal that we sent over, it did not include a copy of the SHPO coordination as had not received it yet. I have attached a copy of the SHPO concurrence for this project that we just received as well as the MS4 Cover letter we originally sent for reference.

Please let me know if you have any questions on the submittal.

Thank you and we look forward to hearing from you.
